

DO NOT FLUSH!

The Summit County Department of Sanitary Sewer Services (DSSS) is asking that the items listed below **NEVER** be flushed down the toilet or dumped down the drain. Always dispose of these items in a trash can. This can save you from dealing with costly sewage backups in your home caused by blockages in your lateral line. It can also help prevent sewage overflows caused by blockages in DSSS sewer lines that harm the environment.

WIPES

(EVEN IF LABELED FLUSHABLE)
